Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

THE JAMESTOWN EXPOSITION.

Jamestown Exposition, Va., Aug 15—Located in the northeast section of the Exposition grounds, just across Commonwealth avenue, east, from the Palace of Machinery and Transportation is a building which attracts the attention of the visitors to the Colonial City by its odd design. In appearance it resembles the Spanish type of architecture. It is constructed of gravel and cement, the main building being square with an oblong wing and of one story height.

In this attractive building there are housed the exhibits of Mexico, Puerto Rico and the countries of Central and South America. These exhibits have been installed under the direction of the Bureau of American republics.

In the main building the exhibit from Puerto Rico is seen. This display shows the progress made in education since the American occupancy of the island, also the strides made in agriculture for the same period.

In the school exhibit, there is seen the work of scholars under American methods of instruction, and the exhibit reflects great credit on those in charge of the educational interests there.

The different types of school buildings, showing the old Spanish and native peon school and the new or modern school, erected and maintained by Americans, is seen near the entrance to this building and is most interesting. The old rural school is shown as it was centuries ago, when maintained under the Spanish regime. These buildings are constructed of the Puma-Rosa, a hard wood of shrub species, and a thached roof of sugar cane leaves. The modern or American type is built of the finished wood grown in that fertile country, principally male cedar, while the roofs are covered with corrugated iron, imported from the United States. The new buildings are rapidly replacing the old.

Among the different products of the soil are seen tobacco, coffee, hard woods and cotton. In the manufactures are jellies, chocolate, rums, wines, sugar and palm-straw hats are shown.

In the center of the room is a reproduction of the peon or peasant hut. This hut is of the usual type seen in tropical countries, constructed of the Puma-Rosa, a growth of Royal palm, bound together with Managua, a strong fiber, with a thached roof of sugar cane leaves, while the floor is of palm slabs. In the hut there may be seen many of the native cooking utensils, crockery made of the clay of the country, some of beautiful design. All the pottery is sun-baked and is very durable. Native wooden musical instruments, sandals, a fish net made from the palm-wood and called nazo, the sugar knife and the war weapon, the machete.

In the wing of this building, the displays of Mexico and some of the American republics are installed. On a pedestal in the center of this wing in a model of the Mexican Goddess of Liberty, showing the Mexican national colors.

The International Bureau of the America Republics has installed in one end of the wing of this building a huge relief map of the continent of South American and that part of North America, known as Mexico and Central America.

This map shows the plan for extensive railroad systems connecting the Atlantic and Pacific coasts of these countries.

RUSSO-JAPANESE TREATY.

The text of the Russo-Japanese treaty recognizing the independence and territorial integrity of the Chinese Empire and pledging the two countries to the maintenance of the status quo, which was signed on July 30 last, was made public yesterday in St. Petersburg and was well received on all sides. In their estimate of the results the conservative and liberal newspapers display remarkable unanimity in agreeing that it establishes the relations between the two powers on a sound basis, guaranteeing unbroken peace for a long period.

The Novoe Vremya expresses the opinion that the treaty is the turning point in Russia's Asiatic policy, enabling her to shift her attention hereafter to nearest Russia, after having carefully weighed the arguments in favor of waging a return war for the recovery of the lost ground in Manchuria and having finally decided to accept the situation as it is, abandoning all idea of a war of revenge.

The Rossia characterizes the treaty as a link in the chain of international agreements removing the menace of war in the far east.

It is believed in Tokio that the Russo-Japanese treaty includes a clause which has not been published, specifically defining the respective spheres of influence of the two countries. Under this clause it is reported that a portion of the Sungari river is placed within Japan's sphere, thereby modifying the exclusive rights of navigating that stream which was conferred upon Russia by the treaty of Aigun.

WANTS WIDE OPEN SUNDAY.

Charles Zueblin, professor of sociology at the University of Chicago, yesterday advocated a wide open Sunday, with municipal beer gardens and city operated theatres for the masses. "Closing things up on Sunday is not best," he said. "It is oo late to dictate to others what they shall do. Sunday should be a beautiful day. Work people must have something to do as an outlet for their energies. The saloons as they are at present should be abolished and in their stead there might be municipally owned beer gardens, conducted on respectable lines. There should be also municipal theatres." The professor declares that the State is responsible for disease, ugliness, immorality and poverty.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. AND VIRGINIA ADVERTISER

FRIDAY EVENING, AUG. 16, 1907.

ACCORDING to the New York Tribune of today, the telegraphers' strike in that city is showing the effects of great disorganization. The men seem not to know for what they struck. The companies have taken on new confidence, and their officers say the trouble is practically at an end and they have won. All danger of a strike of railway operators is said to have ended. At a meeting last night of the union a motion of the radical strikers to call out all operators who had signed agreements with leased wire owners was lost after the most exciting session of the strike. Some improvement in wire service is reported from the cities where strikes are on. The strikers, however, in New York and Chicago still say they will win eventually, and that the telegraphic service of the country is still seriously handicapped.

THE ALLEGED crime wave in certain places in the north renders conditions dangerous, as the spirit of lynch law is manifest every time there is the least excitement. Yelling "lynch him!" an infuriated crowd attacked Peter Clark, in Irvington, N. J., last Monday. As they punched him and dragged him here and there until they had almost stripped him, Clark's assailants cried to each other: "He attacked a girl." "He murdered a boy." "He shot an old woman." Really, Clark had tried to steal a Pekin duck from his former employer, George Ayrault. About two hundred people surrounded the frightened man, who was finally rescued by several policemen. The crowd followed the prisoner to the Police Court and the magistrate quickly sentenced him to thirty days in jail. Clark was then whisked to the lockup and put in a place of safety.

FIGHTING in Morocco continues, notwithstanding the presence of French and Spanish soldiers and men-of-war. A sentence in a dispatch from Tangier today significantly states that the fighting qualities of the Moors is meeting with respect. The pertinacity of the people the French and Spanish are now fighting is proverbial. Spain realized this to her sorrow many years ago. Modern methods of warfare are not to be despised, but battleships cannot command the sands of the desert, nor can European armies always keep up with Moorish soldiers. Napoleon found he had bitten off more than he could chew when he invaded Egypt, and his country had all it could do many years later in subduing Tunis.

THERE are sundry difficulties in the way of enforcing that Fond du Lac ordinance requiring the posting of portraits of habitual drunkards in all the saloons and forbidding saloonkeepers to sell liquor to the pictured persons. The ordinance apparently does not prohibit water color portraits, and yet these might make identification impossible. Then, too, no provision has been made for a series of photographs of each individual, showing how he looks at various stages in the pickling process. Concerning these difficulties, the New York Tribune says: "Even a clever barteader might unwittingly violate the law if obliged to appeal from Philip Drunk (in the flesh) to Philip Sober (in the photograph)."

THE meetings of the King of England with the German Emperor and then with the Emperor-King of Austria-Hungary have been looked forward to with much interest, as perhaps invested with diplomatic significance. Such meetings are generally overestimated. But the fact that the permanent Under Secretary of the British Foreign Office accompanies the King and the Imperial Chancellor the German Emperor suggests that the first of these meetings may be for business as well as pleasure. In that view of the case nobody can forget that King Edward has been exceptionally successful and invariably peacemaking in his personal diplomacy.

A REPORT comes from Irvington that a State oyster police schooner was scuttled and sunk, a few nights ago, and her rigging cut to pieces by oyster pirates in the waters of Warwick county. It is said the captain and crew were ashore at the time and the watchman was frightened away by the mob. A captain and crew who would all leave their vessel at one time should be discharged at once. The State needs better men.

HEREAFTER socialists who desire to speak before Altoona, Pa., audiences must submit their remarks to a police censor, or hold their peace. Violation of this edict, just issued, will be followed by arrest. This is right and proper but it might be still better if the socialists were not permitted to make their harangues at all.

The Tuscaloosa Cotton Mills, at Cottondale, Ala., were destroyed by fire yesterday. Loss $300,000.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 16.

Secretary of War Taft today issued an order placing the clerks of the War Department on the same footing as those of others departments of the goverment with reference to the Saturday half holiday. Heretofore a War Department clerk who wanted to take off the whole of Saturday was charged with a full day's absence to be deducted from his annual leave. Other departments, in similar circumstances, only charged their employees with a half day, the afternoon holiday being regarded as a legal right and not a part of the annual leave. The decision of the Secretary means a difference of about six full days in the course of the summer which have up to now been taken from the annual leave of War Department employees.

With regard to the report that a definite agreement has been reached between this country and Great Britain concerning the Newfoundland fisheries which will enable the American fishermen to pursue their vocation without trouble from the Newfoundland government during the present season, it was said at the State Department today that the matter has not yet reached that stage. The negotiations are proceeding amicably with every appearance that they will be soon concluded satisfactorily but the final agreement has not yet been made.

The government is considering what action is to be taken to safeguard its loan of one million dollars to the Jamestown Exposition. It has defaulted on the first semi-monthly payment of $100,000, due August 1, and all indications point to a default in the second payment of a similar amount, due today. Assistant Secretary Edwards of the treasury department, who has been at Jamestown for a week, is in New York, where it is said he is conferring with certain financial interests back of the Exposition Company. It is understood that he will later take the matter up with Secretary Cortelyou, now at his summer home on Long Island.

Nothing has reached the departments here to indicate that Japanese seal poachers are contemplating a raid upon the Pribyl of Seal islands, including the salt houses of the North American Trading Company where pelts are stored awaiting shipment. If the company has any such information it has carefully concealed it from officials here.

SHE JUST HAD TO KISS HIM.

Mrs. M. Kierney, dainty, blushing and under 30, was before Mayor Coleman at McKeesport, Pa., yesterday morning on a charge of disorderly conduct, and was fined $8 and costs. Wednesday evening she was riding on a street car and saw a man sitting in a corner of the car. She declared yesterday morning that he was so "cute-looking" that she just couldn't help throwing her arms around him and giving him a kiss.

"The mean thing" objected to the caress, particularly when all the other passengers laughed, and he jumped off the car at the next stop and called a policeman.

LOCAL OPTION ELECTIONS.

J. W. West, field secretary of the Anti-Saloon League, of this State, gave out an interview to a newspaper man in Fredericksburg yesterday, in which he advised all cities not to hold local option elections until after the next Legislature convenes, as it is hoped the law-makers will amend the statutes, so that they will limit the qualification of voters in special elections. Mr. West was referring to the privilege of one to qualify up to the evening before the election, by paying up his poll tax, which has a tendency to fill the book with the class which was intended to be eliminated by the new Constitution.

A complaint against manipulation of railroad securities by the Chicago and Alton, was filed with the Interstate Commerce Commission today by John B. Manning, of New York.

Strike Broken by Menu.

Pittsburg, August 16.—The Western Union Telegraph Company yesterday won the hearts of 65 striking messenger boys through their stomachs. An invitation to partake liberally and freely of fried chicken, pie and ice cream not only broke a strike, but disorganized a newly-established union. A walk-out was transformed into a rush-in. At noon yesterday the afternoon papers proclaimed that the Western Union Company was serving the following menu to strike-breakers in the emergency restaurant on the third floor:

Cream of celery soup, fried bluefish, boiled bacon and spinach, fried spring chicken, lamb stew with vegetables, veal chops with mushrooms, corn on cob, mashed potatoes, sliced tomatoes, fried eggplant, cold slaw, lettuce, spinach, radishes, celery, ice cream, assorted cakes, blackberries, red raspberries, watermelons, pies, oranges, apples, bananas, pears, plums, peaches, sliced cucumbers, olives, sweet pickles, coffee, tea, iced tea, buttermilk, sweet milk. Scarcely had the papers appeared upon the street when the hungry striking messengers made a wild dash to the office and vied with each other in re-enlisting in the service.

New York Stock Market.

New York, Aug. 16—The stock market this morning opened at general advances. Gains of a point or more were scored by several shares. Covering of shorts appeared to be largely responsible for the rally. After the first 10 minutes dealing, prices showed something of a reactionary tendency. Material gains were made in a number of important issues. At the same time there were several weak spots, the chief among them being the Allis-Chalmers issues which declined abruptly to new low record prices. After the reaction at the end of the first hour the market tone was improved and prices rallied to almost the highest range of the early morning.

In the afternoon there was a downward movement in prices and the general list fell to a level below yesterday's closing figures.

News of the Day.

Chilly conditions prevailed at Hazleton, Pa, during Wednesday night, the thermometer going down to 35 degrees.

A dispatch from Lyon Mountain, N. Y., says Richard Mansfield is not improving in health, and those close to him reluctantly admit their conviction that the actor will never again be seen on the stage.

Rumors that former President Cleveland is ill at his home, in Princeton, N. J., are untrue, according to his physician. Mr. Cleveland went driving yesterday afternoon, and apparently was as well as usual.

After an all-night sitting the British House of Commons yesterday morning passed to third reading the deceased wife's sister bill and sent it to the House of Lords, where it has so frequently been rejected.

He was climbing through a window when the woman shot him. Conley ran outside and fell dead. It is said another man was the cause of the trouble. The woman was arrested.

Crops throughout the farming district surrounding Escanaba, Mich., were seriously damaged by the first frost of the season Wednesday night. The temperature dropped to 42 degrees, and remained at nearly the same point throughout the night. The district surrounding Escanaba is given up largely to the raising of potatoes, and corps on lowland fields will prove nearly a total loss.

Dr. Harvey Wiley, chief of the Bureau of Chemistry, is back in the city, and was at his desk in the Department of Agriculture in Washington yesterday. An inventory of the estate of Reverdy Johnson, which was filed in the Orphans' Court in Baltimore yesterday, shows property of about half a million dollars, the greater part of which is in stocks and bonds of the class generally known as gilt-edge securities. The inventory is as follows: Personal estate, $404,275; real estate, $79,583.30; debts due the estate, $14,500. The real estate consists of valuable ground rents and fee-simple property in various sections of the city.

A race through the streets of Norwalk, Conn., at almost a mile a minute between a big touring car and a 40-horse power runabout resulted in the wrecking of the runabout on the Connecticut turnpike near the Darien line late yesterday afternoon, and the death of Mrs. Paul Maccarmac, of New York. Her husband, who was in the wrecked car with her, is in the Norwalk Hospital with injuries which may prove fatal. Before Mr. Maccarmac's car was wrecked it grazed the side of a carriage. The carriage was overturned, and all the occupants were more or less hurt.

One man was killed outright, a man and a woman died of their injuries after being taken to the hospital, and four other persons were hurt seriously, as the result of a collision yesterday afternoon between a De Kalb avenue car, of the Coney Island and Brooklyn Company, and a dirt train of the Long Island Railroad at the grade crossing of the Manhattan Beach Line, of the Long Island Railroad, at Parkville. The woman was Mrs. Anna Cohen, of Brooklyn. The two dead men had not been identified up to a late hour last night. They were each about 22 years old. All the dead and injured received their injuries because they jumped from the trolley. None of those who remained on the car was hurt.

SAVED THE CORPSE FROM SEA.

Miss Mary Shoyer, a Chicago schoolteacher, died at sea Tuesday on board the North German Lloyd steamer Prinzess Irene, which arrived at New York yesterday from Naples and Gibraltar, and a sensational episode followed the declaration of the captain that he would bury the body at sea unless he received $200 in cash.

Miss Shoyer traveled alone, but Miss Edna Scudder, of Trenton, N. J., who met her casually in Rome, and Miss J. L. Brownlee, who shared a first-cabin stateroom with Miss Shoyer, asked the captain not to sink the body in the ocean. They were told he would have to do so unless the cost of embalming was paid at once. He refused express company notes in the effects of Miss Shoyer. Thereupon the two young women proclaimed the situation to all the passengers.

Dr. S. G. Van Deusen, mayor of Michigan City, Ind., headed a committee, and he and the two young women collected $220 from the first-cabin passengers.

Captain Petersen said that the charges were fixed by the company and he had no option in the matter.

POSSE AFTER ASSAILANT.

With a posse of determined citizens, the sheriff of Salisbury, N. C., accompanied by special officers, is scouring the surrounding country for a negro who on Wednesday attacked Mrs. D. W. Tesler, daughter of one of the wealthiest men of Salisbury. It is a foregone conclusion that the black will be lynched if caught. Mrs. Tesler was on her way to visit a neighbor when the negro accosted her near a small creek. He took a bottle containing a pungent liquor from his pocket and ordered her to drink. She did so and then tried to run. When on a bridge over a creek she stumbled. The negro grabbed her and threw her into the water. She made her way out again, only to get into the clutches of the negro once more. She was carried into a house some distance from the road, and when she finally made her way home exhausted six hours had elapsed. She was unable to say what had occurred after she was taken into the house. She gave an incomplete description of the negro.

Mr. A. W. Robinson, who resided near Clifton, and who had been in declining health for the past two years, died on Tuesday last. He was an ex-Confederate soldier, and was about 68 years of age.

The Ashburn Farm in Loudoun county containing 587 acres, belonging to the estate of the late Judge J. D. Yeomans, was sold at public sale in Leesburg recently for $20,000, the bid being made by a representative of the East Aurora National Bank, of East Aurora, N. Y. The "Coton" farms were also offered but were withdrawn on a bid of $24,000.

The State steamer Accomac reports a brush Wednesday in the Potomac with dredgers and the capture of one boat, loaded with stolen oysters, deserted by her crew. The State steamer Pocomoke telegraphed for a new supply of ammunition to resist crabbers in Tangier Sound. The steamer Commodore Maury went to assist the Pocomoke.

The Fauquier county democratic committee met yesterday and after canvassing returns declared the following to be the nominees: G. L. Fletcher, State Senator; M. M. Green, Legislature; John A. C. The troops sent to Onancock by the Governor as a result of recent riots, will remain until the negroes' State fair, which will be held for several days next week. If no further trouble occurs during the fair it is believed no more need be feared. The negroes who incited and led the recent attack on the whites are still at large, and open threats of lynching are made against them in the event of their being captured.

THE SENATORIAL FIGHT.

It was something of a surprise to the people of the 14th Senatorial district (composed of the counties of Fairfax, Alexandria and Prince William, and the city of Alexandria), to learn last week that Senator Lewis H. Machen would have opposition for re-election. Two other candidates have announced themselves, viz: Messrs. R. E. Thornton and Alexander J. Wedderburn, both of this county. As the primary election will be held on the 10th of September, we may expect some lively electioneering during the next three weeks. The newspapers state that this triangular fight is due to the contest over the judgeship of this judical circuit; that the bars of Prince William and Fairfax have withdrawn their endorsement of Mr. John M. Johnson, of Alexandria, for the place and now endorse Mr. J. B. T. Thornton, of Manassas; and that the latter's brother, Mr. R. E. Thornton, is making the contest in his interest. Mr. Machen, the papers state, is not committed to the candidacy of any of the judicial aspirants. We do not know Mr. Wedderburn's position in the matter. It promises to be a pretty fight. When our good friend, Judge Nicol, resigned his position on the bench to become a candidate for Congress, he raised an issue which has grown in importance and which promises far-reaching results. Judge L. C. Barley was designated to hold the courts in this district until Judge Nicol's successor could be elected by the Legislature. Great pressure was brought to bear upon the governor to induce him to make a regular appointment, but up to this time he has refused to do so. Things have become considerably mixed in consequence of the change of attitude on the part of many members of the bar, and the little cloud "no bigger than a man's hand" at first, has assumed proportions which threaten a storm of no mean magnitude. With regard to the senatorial race, while it will be an active one, the high character of the candidates is a guarantee that it will be conducted along legitimate lines. Each gentleman has many warm friends, and the progress of the canvass will be watched with interest.

ELOPEMENT.

Miss Elsie Clark, of Westmoreland county, and Mr. William Winstead, of Northumberland county, eloped from their respective homes last Sunday and were married in the afternoon at Leonardtown, Md. The young couple boarded the steamer Anne Arundel last Sunday morning when it made the wharf at Central, on the Potomac river. Their trials and tribulations afforded no end of amusement for the passengers when they once learned their secret, which soon leaked out and spread like wildfire. The young couple had gone to St. Georges to get married, but found that they could not obtain the necessary license, and finally decided to board the Anne Arundel. They at once told their troubles to Captain Geoghegan, who lost no time in introducing the couple to the State's Attorney of St. Mary's county, who happened to be among the passengers. Notwithstanding the fact that the day was Sunday, the attorney promised to get them a license at Leonardtown. At that place the couple left the boat under the guidance of the lawyer, who soon secured the license, and the knot was tied. After the wedding they left for their respective homes to seek the forgiveness of their parents.

OLD ORCHARD DESTROYED.

One half of Old Orchard's summer hotel section along the Maine shore front was swept by fire last night, the loss probably amounting to fully half a million dollars.

It is reported that three men were killed by dynamite used in blowing up buildings to stop the progress of the flames.

The Boston and Maine Railroad station was blown up by dynamite to arrest the fire in that direction.

The Hotel Fisk, one of the finest on the beach, valued at $50,000; the Hotel Emerson, valued at $75,000, with its furnishings; the Hotel Seashore, the Hotel Alberta, the Aldine, the Lawrence House and a half a dozen smaller hotels, together with about 50 cottages, were destroyed within two hours. All the buildings were of wooden construction and before the flames, fanned by a southwest breeze, were an easy prey.

It is supposed that an upset lamp was the origin of the blaze.

Today's Telegraphic News.

The Telegraphers' Strike.

Chicago, Aug. 16.—The general strike of the Commercial Telegraphers' Union, involving 10,000 men and 100 cities, is now on in all parts of the United States. President Small, of the organization, signed the general order at 1 o'clock this morning. It was immediately flashed to all concerns of the country.

This was the beginning of the mighty struggle that the union operators have wished for during the past few weeks.

Small arrived in Chicago at 6 o'clock last night and was met at the depot by 2,000 cheering telegraphers and their sympathizers. He was given a hearty reception and was carried a short distance on the shoulders of his admirers.

The fact that Messrs. Quick, Perham and Ramsey, of the order of Railway Telegraphers, attended the meeting was responsible for many rumors that the railway operators would be involved in the strike.

Secretary Quick upon emerging from the room declared his men would not be called out, "We will certainly live up to our contracts with the general managers of the various roads," he said; "it has taken time to establish some of these agreements, and we do not feel like breaking them."

Chicago, Aug. 16.—Any just proposition of arbitration will be accepted by the striking telegraphers. President Small so stated today to the United Press.

Commissioner of Labor Neill has announced that he will return to Washington today to await further developments. It is not known whether he will confer with the union officials before departing.

The general order will affect 150 operators in the stock yards.

New York, Aug. 16.—As the result of the general strike order issued from Chicago the officials of the union at the local headquarters were enthusiastic today claiming much. The officers of the two big companies and the Associated Press, however, seemed to be undisturbed.

Superintendent Brooks of the Western Union, today said: "This general strike order means absolutely nothing so far as we are concerned.

"None of our chief operators have walked and none of them intend to so far as we know. It is absolutely untrue that our clerical force is affected by the strike. The situation is summed up in the statement that the strike is over."

Vice President Nally of the Postal Company gave out the following statement: "The general strike order, as they call it, spent itself several days before it was issued. It has no significance whatever. None of our men are walking out, today. It is untrue that our chief operators are leaving. Our clerical force is in no way affected by such an order. We are accepting all business and the prospect is more favorable today than at any time since the strike."

Supt. Thompson of the eastern division of the Associated Press today said:

"The general strike order does not amount to anything, so far as we know. None of our men have left us."

It is known that messages are coming through from various points throughout the country apparently with little delay. The time varies with the varied conditions in different sections. The most serious delays still are in the South.

New York, Aug. 16.—Daniel E Russell, chairman of the board of strategy of the local telegraphers union, charged this afternoon that the Western Union Telegraph Company is unable to conduct its business and is sending messages, accepted as telegrams by mail, long distance telephone and express. On this ground he is asking the State attorney general to take action to annul the company's charter.

McCormack's Condition Critical.

Norwalk, Conn., Aug. 16.—Paul McCormack, the young New Yorker who was badly hurt and whose wife was instantly killed in an automobile accident last night, is in a critical condition at Norwalk hospital. The physicians in charge of the case gave little hope for his recovery. Mrs. McCormack's remains have not yet been claimed.

While passing through Norwalk McCormack ran into a curb at one point, narrowly escape colliding with a trolley car on the Green. He almost ran down a pedestrian on Wall street and grazed Major George M. Holmes' large automobile on West Avenue. Mrs. McCormack shrieked loudly on the turnpike and evidently wanted to get out, but McCormack threw one arm about her and steered the car at full speed with the other.

As soon as McCormack regained consciousness last night, he wanted to know about his wife's condition. He was not told that she was dead and has not yet learned the truth.

Killed by Lightning.

St. Joseph, Mo., Aug. 16.—Sergeant Major Charles Miller is dead and Major Orrick, Corporal Harry Snyder and Private C. E. Thomas are in a critical condition from being struck by lightning during a terrific thunder storm which wrecked the camp of the First regiment, N. G. M., at Camp Folk, near Lake Contrary, yesterday. Sergeant Miller was standing at the entrance of staff headquarters when a blinding flash seemed to send a ball of fire careening from one side of the company street to the other. All near Miller fell to the ground. He was instantly killed.

Bryan to Announce Platform.

Remington, Ind., Aug. 16.—J. K. Fisk, democratic district committeeman for the 19th Congressional district, had a conference with William Jennings Bryan yesterday and urged upon him the necessity of declaring himself on public questions before the new state central committee is chosen in January. Mr. Bryan then decided to sound a keynote for the Hoosier democracy and fixed the time for his speech. In November he will speak at Lafayette, and the meeting will be made a state affair, as Mr. Bryan will announce his platform for 1908.

Eighteen Persons Drowned.

The Fire at Old Orchard.

Old Orchard, Me., Aug. 16.—The first of the twenty relief trains dispatched by the Boston and Maine Railroad were hailed with thanksgiving this morning by between 3,000 and 4,000 refugees driven from their homes by last night's great fire and forced to camp on the beach. Huddled over the few possessions they were able to save from the swift flames, summer guests, millionaires and humble fishermen spent a night of terror and discomfort. At daylight the ruins of one of the finest and most historic beach resorts on the New England coast were still smoking, and the eyes of refugees rested upon a mass of blackened ruins covering 75 acres and representing a loss of over $750,000. The first trains to arrive contained dining cars and food supplies and were almost mobbed by the hungry multitude, fighting for a place in the line that received coffee, bread and sandwiches.

Most of the other trains now coming in are made up of empty passenger cars into which the homeless summer guests are being crowded for transportation to their homes.

One man, believed this morning to be John Canton, of Portland, was killed by the explosion of a gasoline tank, which just missed Mayor Fitzgerald, of Boston, who was among the summer guests. However, others were injured and there are fears that search of the ruins will reveal other bodies.

There is an unverified report that three children were burned in the Hotel Emerson annex.

It is estimated that the insurance will not amount to over $150,000.

In Nightgown Brigade.

Erie, Pa., Aug. 16.—Fifteen young women, ranging in age from 18 to 25, all garbed in white robes de nuit, and armed with shovels and brooms, advanced on a bold burglar that had invaded the Young Women's Christian Association at an early hour yesterday morning, and drove him from the building forcing him to jump from a second story window. The man had gained an entrance through a cellar window, and was on the second floor when discovered by Miss Leonore Hunter, who was sleeping in a room on the second floor. Going to the door, she spied him prowling through the upper halls, and quickly gave the alarm. Brooms and shovels were quickly gathered, and the brigade of 15, dressed in white, advanced on the bold, bad man. Seeing his peril, the intruder made for an open window, through which he leaped, landing on the grass beneath.

Police headquarters were immediately notified, but before officers could arrive the scared intruder had made good his escape.

Will Ignore Civil Service.

Halifax, N. S., Aug. 16.—Civil service or no civil service, Police Commissioner Bingham proposes to be supreme in his control of New York's blue coats. The commissioner plainly intimated in an interview here that civil service rules are hampering him in his warfare against crime in the American metropolis. He does not intend to be troubled in this way any longer. "I must and will be obeyed," he says. "I will find a way to punish rank and file. In spite of many improvements in the force, I feel that a small percentage of the men are not in accord with me. These unwilling to give up the old system, are ready to bring discredit upon my administration, relying upon civil service rules to save them. But they will be found out and brought to book."

Boy Killed by Car.

Pittsburg, Pa., Aug. 16.—With both hands mangled and suffering from shock, Mrs. Elizabeth Philips is in a hospital as the result of a vain effort to save her six-year-old boy George from being crushed beneath a freight car. Another child, a baby, was saved by the mother. While crossing the Pennsylvania tracks last night a freight car which had been "cut" from a train caught the boy between the trucks. The woman threw the body she carried to a place of safety and frantically tried to pull the child from beneath the wheels. She was too late and the boy's body was cut in two while the mother's hands were crushed under the heavy wheels. She is in a critical condition. The baby was uninjured.

Accepts Undertaker at Husband's Grave

Elkhart, Ind., Aug. 16.—At the grave of her husband, Mrs. Myra Jones, of Bronson, Mich., received a proposal of marriage from Edward Turner, the undertaker, and she promptly accepted. He was so sympathetic in his bearing toward the family that Mrs. Jones was moved to admiration. As the two stood at the open grave the widow burst into tears and buried her face against Turner's shoulder. Mrs. Jones decided that they had better not get married in their home town, and they planned an elopement to Elkhart. Undertaker Turner was detained by professional engagements, and Mrs. Jones made the trip to Elkhart alone. She confided her story to the wife of a hotel proprietor.

Dentist Drowned.

Baltimore, Md., Aug. 16.—While sailing on Smith's creek, St. Mary's county, Wednesday morning, Dr. D. M. Biggs, a dentist, having offices in the Professional building, this city, was drowned while trying to recover the tiller, which had become detached from the boat. Dr. Biggs, accompanied by his niece, Miss Mary D. Towusley, a telephone operator, of Baltimore, left the city last Saturday on the steamer Anne Arundel, to spend a short vacation. Wednesday morning Dr. Biggs suggested a sail on the creek, with the tragic result.

The Trouble at Onancock.

Richmond, Va., Aug. 16.—There is still danger of lynchings at Onancock, the scene of the recent race rioting, if the negro leaders in the disturbances are caught, by reason of the ugly tempers of the whites, and soldiers rushed to the town will be continued as long as the mayor thinks their presence necessary.

Governor Swanson has promised speedy justice to the guilty if they are caught, but this is not satisfactory to a large element and open threats of lynchings are made.

Operator Refused the Message.

Des Moines, Aug. 16.—William Reynolds, a railway telegrapher at Mapleton, near Sioux City, on the Chicago, Milwaukee and St. Paul Railway, refused yesterday to take a telegram from a non-union operator at Cedar Rapids. Later he was called by long-distance telephone and told that his mother was dead at Cedar Rapids. That was the message he had refused to receive by telegraph.

Fighting in Morocco.

Tangier, Aug. 16.—Fierce fighting is in progress at Casabianca today, according to advices received here. Heavy reinforcements are reported to have reached the kabyles surrounding the town and a fresh attack on General Drude's forces is imminent. With the warships in the harbor to assist, it is believed the French and Spanish forces will be able to repel any attack, but the outcome of the fighting is not known.

Since the Moors recently rushed one of the French outposts and held it for an hour against all attacks, their fighting ability is held in greater esteem. Gen. Drude's forces are being worn out by the incessant fighting which has been going on ever since they landed.

Considerable anxiety is felt for Europeans remaining in Torgada. Information received last night was that a Caid, one of the most powerful of the native chieftains, has threatened to attack the town. Foreigners there are practically without protection and it is feared the Casabalanca massacre may be repeated.

Paris, Aug. 16.—The greatest alarm has been aroused here by the official announcement that every foreigners in Mogador, Morocco, has left that city. It is known the Moors had threatened to attack the city, and it is feared its abandonment means that another massacre has occurred there or is expected.

Just why Europeans have deserted the city is not made plain in the official dispatches. This gives room for all sorts of conjectures and generally the matter is regarded in the worst light possible.

From the wording of the advices received officials here are inclined to believe all the foreigners got away safely, although probably forced to leave their possessions behind. But that a raid and looting of the town followed its evacuation is regarded as equally certain.

Mogador has a large Jewish quarter and it is feared this already has been raided, probably with a repetition of the atrocities committed at Casablanca when the Jewish quarters there was sacked.

The city is fortified, but it is doubtful whether the native authorities and soldiers would offer the slightest resistance to the Moors and if the town was raided it is feared there had been serious loss of life as well as much looting.

Advices from the city are generally awaited here. Two warships have been dispatched to the city, but little hope is entertained that they can arrive in time to prevent outrages.

Tarred and Feathered.

Ridgefield, Conn., Aug. 16.—This town is greatly stirred today over the actions of a self-appointed vigilance committee who last night administered an old-fashioned coat of tar and feathers to a well-known expressman, who had figured in some unevitable notoriety in which a 14-year-old girl's name was prominently mentioned. The girl is said to be weak-minded and a orphan, and the actions of the pair had become so obnoxious that, as the law did not seem to reach the case, a party of young men decided to put a stop to the matter. The victim was dragged from his wagon near the railroad station by a crowd of masked men in the early evening and taken to a lonely spot near here where he was liberally plastered with pot tar and rolled in the contents of an old feather bed

Man Killed at Fire.

New York, Aug. 16.—One man is reported dead, a score of persons were injured and dozens of families were driven from their homes early today by a big fire which destroyed a factory in Second avenue, near Sixty-fifth street. The engineer of the building is missing and is believed to have perished in the flames which started in the engine room. One fireman was seriously burned and several employes who took a hand in fighting the flames were also injured. The flames spread to a neighboring dwelling, partially consuming it. In rushing from their homes many occupants of the building were knocked down and trampled. The loss is estimated at $150,000.

Hurled Into Whirlpool Rapids.

Niagara Falls, N. Y. Aug. 16.—Four heavily loaded freight cars were hurled from the lofty steel arch used by the Grand Trunk Railroad into Niagara gorge early today, plunging more than 200 into the whirlwind rapids. The train was traveling rapidly across the high bridge, when the cars suddenly left the rails. Part of the side guard was torn away. The engine and tender remained on the track. No one is known to have been hurt.

Croker to Visit New York.

New York, Aug. 16.—Richard Croker, former leader of Tammany Hall, is coming to New York after the November election. Private business matters require his presence here, but he will probably not stay more than a month, returning to his home in Ireland. Croker postponed his visit until after the election so that he could not be accused of desiring to get back into politics.

President Cleveland's Condition.

Princeton, N. J., Aug. 16.—Former President Grover Cleveland is slightly ill at his home here. He has been intending to join his family in New Hampshire, but persistent rumors say he will be unable to do so. Dr. Carnochan who is attending Mr. Cleveland said today his patient is gaining ground rapidly and is not confined to his bed, but must be careful.

Storm Wrecks Building.

Chicago, Aug. 16.—Five persons were killed and ten injured in a collapse of a two-story frame building at Fray and Chase streets during a terrific wind storm early today.

John Martin Hastings, of Boston, Vault Clerk in the United States Sub-Treasury, of Boston, was arrested today on the charge of stealing $3,000 from a package of mutilated money prepared for shipment to Washington on June 7.

President Whiteside, of the Allis-Chalmers Company, said in Chicago this afternoon that all reports that the company is in financial straits or in any possible way embarrassed were maliciously untrue.

Fathers Kelly and Carne, and the remains were interred in St. Mary's Cemetery. The pallbearers were Messrs. Thomas Hoy, T. W. Robinson, Wm. H. Sweeney, Thomas Burroughs, Thomas L. Carter and C. R. Yates. Many friends and acquaintances attended the funeral, including former pupils and members of organizations to which the deceased belonged.

The funeral of the late Mrs. Annie Zentgraff, who died in Washington Wednesday, took place from St. Mary's Church at 11 o'clock this morning. The services were conducted by Rev. Father Kelley.

The funeral of Mrs. Julia A. Scrivener, who died Tuesday morning, took place from the residence, 211 north Pitt street, this afternoon.

The remains of the late D. McCarty Ramsay, who died in Loudoun county on Wednesday, were brought here today and the interment was in the family lot in the Presbyterian Cemetery. The services were conducted by Rev. Dr. S. A. Wallis, of the Theological Seminary, and the pallbearers were Messrs. George Uhler, C. W. Ashby, J. B. Waller, J. E. Johnston, J. G. Cox and T. W. Robinson.

NEGRO IN THE HOUSE.

About four o'clock this morning Mrs. Eliza Simpson, who lives on Henry street, near Gibbon, was awakened by a negro who was moving about the room occupied by herself and daughter. The darkey had removed his shoes before he entered the house. Mrs. Simpson called to her daughter to get a pistol in order that she might kill the intruder. The latter at this juncture ran and jumped over the balustrade to the lower floor. He then made his exit from the house through a window, carrying with him the curtain and part of the sash. The inmates of the house cried "murder," "police," &c., and in a few minutes several neighbors, some armed with guns, had appeared in front of the house, but the negro had by this time vanished from the neighborhood. A strange darkey had previously been seen in the vicinity. The police are endeavoring to identify him.

FINED FIVE DOLLARS EACH.

Officers Bell and Ferguson last night arrested Robert Nesbit, Alice Nesbit and Lottie Gray, all colored, charged with vagrancy. Charles Johnson, who was sent on to the grand jury by Justice Caton yesterday morning on the charge of forging checks, stated in the Police Court that he obtained the checks from a white man named Robert Nesbit. The latter, however, is a negro, and he and Johnson and the two women came here from Richmond recently, and have caused considerable complaint from people living near the house they have occupied. Nesbit in the Police Court this morning showed that he had been at work, and was dismissed, but the two women were fined $5 each. The women stated that they had been working in a tobacco factory in Richmond, but that they regarded that occupation as unhealthy and had left that city for the purpose of making their way to Washington.

WOMAN DISMISSED.

Sarah M. Hutchesteir is believed to be the woman who was straying about the streets between 3 and 4 o'clock yesterday morning attired in her nightgown. Two trunks which were put aboard a train at Manassas for this city and which are now at the Adams express, office bear the name and are said to belong to the woman. She was arrested yesterday by Lieutenant Smith charged with drunken and disorderly conduct, and was taken to Washington by Officer Sherwood this morning and turned over to the Sisters of Good Shepherd.

NEGRO SURRENDERS.

John Metts, colored, who recently broke jail in Charlottesville, walked into the station house in this city today and surrendered himself to Chief Goods and Lieutenant Smith. The Charlottesville authorities were notified and an officer will be sent here for the darkey. Some time ago Metts left two satchels containing clothing at the station house here, and he said today that it was in order to secure the same that led him to surrender himself, as he preferred to serve six months in prison than to lose his clothes.

ASSAULTED WOMEN.

Two young men of this city acted as bulls in a china shop in a north Lee street resort last night. After smashing plates and dishes in the dining room, they assaulted the proprietress and another woman. The men succeeded in getting away, and two other young men who were in the house at the time were arrested and brought before the Police Court. The prisoners were dismissed, as it was shown that they had not been guilty of disorderly conduct. The real offenders will be arrested.

CHAPEL CONSECRATED.

The pretty little chapel recently erected at the residence of Mr. Wm. F. Downey, in Fairfax county, southwest of this city, was consecrated yesterday evening by Rev. Fathers McGuire, of the Holy Comforter Church, and Buckey, of St. Matthews' Church, of Washington. The services were very impressive and interesting and were attended by a large number of friends of Mr. Downey, who now has one of the prettiest country homes in this section.

ARM CRUSHED.

Fred. Geary, of Richmond, about 17 or 18 years old, had his right arm crushed at the union depot last night. The unfortunate man had come to this city on a passenger train in company with his brother, George, and in attempting to leave the train fell on the track with the result stated above. He was picked up by employes at the station and taken to the Alexandria Hospital where Dr. Smith amputated his arm.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Robert Nesbit, colored, charged with vagrancy, was dismissed.

Alice Nesbit and Lottie Gray, both colored, charged with vagrancy, were fined $5 each.

Two young white men, charged with disorderly conduct in a north Lee street resort, were dismissed.

Sarah M. Huchestein, charged with drunken and disorderly conduct, was dismissed upon promising to leave the city.

W. F. Starke, charged with seducing Emma Sutherland, was dismissed, the defendant having signified his willingness to marry the complainant.

CHARGED WITH SEDUCTION.

A young woman named Emma Sutherland went to the station house yesterday and swore out a warrant against W. F. Starke, a young man, charged with leading her astray under the promise of marriage. The offense is alleged to have been committed on or about the 13th of last May. The case came before Justice Caton in the Police Court this afternoon.

After the young woman had made her statement and some other evidence had been given, the defendant agreed to marry the plaintiff, and the charge against him was dismissed. A license was procured from the clerk's office of the Corporation Court and the couple left the station house to procure the services of a minister.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
LEWIS H. MACHEN.

ECONOMIC HISTORY OF THE NEGRO.

Washington, D. C., Aug. 13.

To the Editor of the Alexandria Gazette:

Dear Sir—I have undertaken the preparation of an economic history of the negro, and am asking the aid of southern papers in the preliminary work of locating and securing original material. The plan of the work necessarily involves a consideration of the life of the southern white people. I want such information as is to be found in plantation books and records of all descriptions—records of factories and merchants, family records, diaries, etc.; in fact, anything of an authentic character throwing light on ante bellum, reconstruction or more recent economic conditions in the South. I am anxious to locate such material and to correspond with persons having its custody and with those whose personal knowledge would assist in its interpretation. The South is full of such material, and I shall be grateful to you and such papers as may assist me in locating its present whereabouts and ownership by reproducing this letter. I may add that I am a southern man and that my interest is genuine.

Very truly yours,
O. H. STONE.

THE TALE OF A DOG.

Into this world of mice and men
A wee little dog was born,
He had no home to call his own—
A creature quit forlorn.

A wanderer he, that knew not fear,
Roaming the world by night and day.
From out of the everywhere into here,
And now, alas, he has gone away.

You ask me where, but I cannot tell,
Unto the Heaven of dogs, may hap—
Carted away to a dungeon cell
And brained to death with a baseball bat.

JEALOUS MONKEY.

Inflamed with jealousy because his master caressed a parrot and ignored him, Chatter, a pet monkey owned by John Warner, a well-known steeple jack, attacked the man yesterday at his home, in Philadelphia and inflicted such severe bites on his left arm and shoulder that Warner had to be treated at the Medico-Chirurgical Hospital. The monkey was locked up in a room, but, in spite of his actions, Warner declared last night that he would keep the animal. Besides his business of daily risking his life far up in the air, Warner is a great lover of pets, and keeps all kinds of them in his house. The monkey is his particular favorite, and he has always given first attention to Chatter. Yesterday, however, he unthinkingly fed the parrot first and stroked the bird's head several times. For a while Chatter watched him sulkily, then suddenly he rushed from his corner of the room, sprang upon his master and began to chew viciously at his arm. The arm was pretty badly lacerated before the animal could be shaken off.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fretwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 50c.

PRIEST CARRIES A PISTOL.

Alarmed by several threatening letters from a supposed Black Hand band, Rev. Vincent Sorrentino, pastor of the Church of Our Lady of Loretto, East New York, spoke yesterday at three masses and pleaded with his parishioners to aid him and the police in running down the blackmailers. As he stood in his church appealing for aid he was prepared at any second to use a pistol which he carried in a pocket. In his addresses the priest deplored the fact that the actions of a few disreputable Italians should bring discredit on the whole race, and he endeavored to impress on the worshipers the need of taking action against the lawbreakers. "It seems awful to think," he said, "that a priest, the pastor of a church of which they profess to be members, has to call upon the ill and dying with a pistol in his pocket for protection." While the services were being conducted about 20 policemen were around the edifice.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
